This diagram illustrates the exploded view of a 150cc engine cylinder and piston assembly. The components are numbered as follows:

- 1: Piston pin
- 2: Piston crown
- 3: Spark plug
- 4: Spark plug gasket
- 5: Piston pin gasket
- 6: Piston pin gasket
- 7: Piston pin gasket
- 8: Piston pin gasket
- 9: Piston pin gasket
- 10: Piston pin gasket
- 11: Piston pin gasket
- 12: Piston pin gasket
- 13: Piston pin gasket
- 14: Piston pin gasket
- 15: Piston pin gasket
- 16: Piston pin gasket
- 17: Piston pin gasket

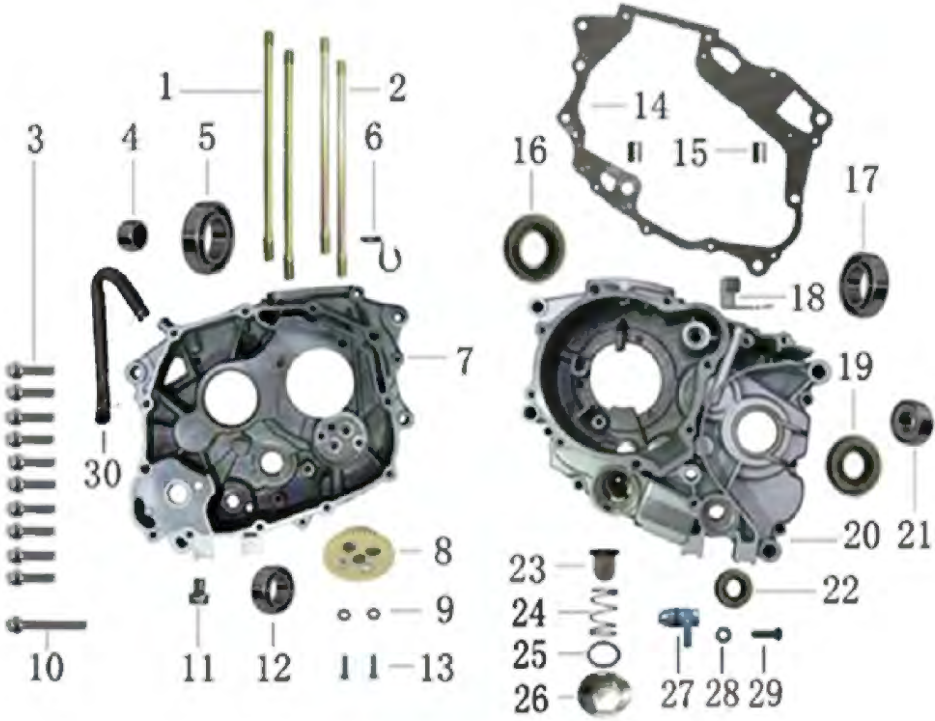

Diagram illustrating the components of a bicycle rear derailleur, numbered 1 through 14:

1. Derailleur body (main housing)
2. Screws (two shown)
3. Bushing (one shown)
4. Guide pulley (one shown)
5. Intermediate pulley (one shown)
6. Tensioning pulley (one shown)
7. Derailleur cable (one shown)
8. Derailleur cage (one shown)
9. Derailleur pin (one shown)
10. Derailleur bushing (one shown)
11. Derailleur screw (one shown)
12. Derailleur pulley (one shown)
13. Derailleur pin (one shown)
14. Derailleur bushing (one shown)

The image displays 15 different types of fasteners, arranged in a grid and numbered 1 through 15. The fasteners are as follows:

- 1. Two hex bolts with hex heads.
- 2. One hex bolt with a hex head and a threaded shaft.
- 3. Two hex screws with hex heads.
- 4. One hex screw with a hex head.
- 5. Two hex screws with hex heads.
- 6. Two hex nuts.
- 7. One hex washer.
- 8. Eight hex nuts.
- 9. Two hex nuts.
- 10. One hex washer.
- 11. Ten hex nuts.
- 12. Six hex nuts.
- 13. Five hex nuts.
- 14. Two hex nuts.
- 15. Two hex nuts.
